

Maja Matijasevic received her Dipl.-Ing. (1990), M.Sc. (1994), and Ph.D. (1998) degrees in electrical engineering from the University of Zagreb, Croatia, and the M.Sc. in computer engineering (1997) from the University of Louisiana at Lafayette, LA, USA. Since 1991 she has been affiliated with the Department of Telecommunications, Faculty of Electrical Engineering and Computing, University of Zagreb, Croatia, where she is currently an Assistant Professor. Her main research interests include computer and telecommunication networks, multimedia, and virtual reality. Maja is a member of IEEE, ACM and Upsilon Pi Epsilon.

Lea Skorin-Kapov is employed as a Research Engineer in the Research and Development Center of Ericsson Nikola Tesla in Croatia. She received her BS in electrical engineering from the University of Zagreb, Croatia (2001) and is currently working towards her Masters degree in the area of networked virtual reality. Her main research interests include quality of service, virtual reality, and streaming. She is a member of IEEE Communications Society.
